

# AVC Income Option Withdrawal (members age 72 and older)

## Withdrawing Funds From Your AVC Account

This information is for retired members who turn at least age 72 in the current year. If you are under age 72, see the *AVC withdrawal (retired and deferred members under age 72)* form.

### ▶ How to withdraw funds

To withdraw funds from your AVC account, complete the *AVC Income Option withdrawal (members age 72 and older)* form. You cannot initiate your withdrawal using myOMERS.

### ▶ Annual minimum withdrawal (income amount)

Beginning the year you turn age 72, you must withdraw at least the income amount from your AVC account. The income amount starts at around 5% of your AVC account balance at age 72, and peaks at 20% at age 95 and beyond. The age-based percentage is applied to the balance of your AVC account at the start of the year. The income amount is calculated using the formula set out in the *Income Tax Act*, and will be shown on your *AVC Income Amount Statement*, which is mailed to you at the end of February each year.

### ▶ How the income amount works

<b>If, during the annual March 1 to April 30 AVC withdrawal window, you:</b>	<b>then:</b>
do not make an optional withdrawal from your AVC account	OMERS will automatically withdraw the greater of your income amount or the \$500 minimum and pay it to you in June.
make an optional withdrawal from your AVC account that is less than the income amount	OMERS will automatically withdraw the difference between the two amounts from your AVC account and pay it to you in June.
make an optional withdrawal from your AVC account that is equal to or greater than the income amount	OMERS will take no further action – an additional withdrawal is not required.

- Payment of the income amount and optional withdrawals must be made in cash, less tax. Fund transfers to another registered arrangement are no longer available after age 71.
- If you are withdrawing your entire account balance, the applicable rate of return, less investment management expenses, will be applied to your AVC account balance at the withdrawal date.
- The minimum amount you may withdraw from your account is \$500. If your account balance is less than \$500, you must withdraw your entire account balance.
